Dear Dr. Lederberg,

I am currently a senior at Stuyvesant High School. Last semester I had the opportunity to participate in the Executive High School Internship Program at The Rockefeller University. I worked with Dr. Marc Goldstein in the Population Council, where we experimented on the reproductive system of the rat with the use of new microsurgical techniques. Dr. Goldstein was an excellent and patient teacher, and I enjoyed working with him. It is a wonderful experience for students like myself to be able to participate in such a unique program. I just wanted to let you know that I enjoyed myself, and that I appreciate the educational stimulation that I recieved.

Sincerely Yours,

Andrew Soloway
